Jack London's intimate life history written by himself, the work that has set the world talking of the liquor evil, commences for one week with the matinee next Wednesday.

"The Perils of Pauline" Coming

Bulletin Bill Says

Today marks the half month of October gone, and November 1st will soon roll around.

We are planning daily on the new store—on the stock and the fixtures and take it from Bill—

This will be one sure enough Clothing Store—everything from soap to toothpicks—new departments and a new stock—new fixtures and a renewed energy and METHODS RIGHT UP TO THE TICK OF THE CLOCK. You won't be sorry that this store is what it will be—you will be glad and thankful for the VALUES and the PRICES WILL BE A PROTECTION TO YOUR PURSE—and the days of 100 per cent profit and more are gone in Honolulu—wiped out by the fact that you are only asked to pay a reasonable profit and receive your money's worth or your money back.

The Model Clothiers

Blade Hotel building, Fort street—soon to move.

Quick Repairs

Broken lenses replaced—prompt and accurate work. Special lenses ground to order, including TORIC and KRYPTOK forms. Factory on premises.

EDWARD S. STUART
A Millionaire Book Man.

Millionaire, mayor of Philadelphia, governor of Pennsylvania, Edward S. Stuart started as an errand boy in a book store at \$3 a week. At the end of 10 years he was given an opportunity to take over the business. He had saved a part of his earnings and was in a position to become proprietor. Through that investment he became a millionaire. Errand boys, clerks, office workers, everyone should have a savings account put aside to take advantage of opportunities offered. Thousands of men and women miss their chances in life because they have nothing saved. One dollar opens an account here.

Fort Shafter Notes

[Special Star-Bulletin Correspondence]
FORT SHAFTER, Oct. 15.—Lieut. Vernon W. Bolter is the latest addition to the sick report with an indisposition that has confined him to his quarters for the past few days.

Captain Alden C. Knowles, who was recently transferred to the 2d Infantry, vice Watkins, deceased, has been assigned to the command of Company M of the regiment. Capt. Knowles is not expected to join for at least a month as a leave of absence for two months was recently granted him.

Upon the recommendation of the commanding officer Company E the following promotion and appointments in that company dated October 11 were made in recent orders: Corp. Joseph Pawelec, to be sergeant, vice Bills, discharged. Lance Corp. Hugh McKane and Lance Corp. Frank Lamucell to be corporals, vice Anglin, reduced, and Pawelec, promoted, respectively.

The first entertainment of the enlisted men's dancing and social club of the combined garrisons of Fort Shafter, Fort Ruger, Fort De Russey and Department Headquarters was given last evening in the ball room of the Fort Shafter garrison. As indicated by the name chosen for the organization, namely, "Colonial Terpsichorean Club," dancing was the diversion for the evening and with the excellent music provided by the regimental orchestra of the 2d Infantry and a big turnout of the members of the club a real and delightful affair was carried out. Over 40 of the members and their wives were present. The hall was decorated with huge flags and flags were also used in the corridors below with good effect. The rooms and lanais of the officers' club were at the disposal of the club and were fully utilized. It is the intention of the club, in conjunction with the local camp of the Spanish War Veterans, to build a suitable hall for the joint use of the organizations concerned, but until that shall be accomplished, it has been understood that the commanding officer of Fort Shafter will arrange to allow the men to continue the use of the post assembly rooms for their hops. This is as it should be and none are more pleased than are the officers of the garrison that their men have succeeded in the organization of so desirable a club and nothing will be thrown in the way of the organization's success. Meanwhile the promoters of the club, and the list numbers the best and most capable men in the organizations, have prepared an application addressed to the secretary of war for authority to construct their own building at Fort Shafter as referred to above. This application will go forward as soon as the plans for the building can be prepared and this will be done by the experts in the office of the chief quartermaster of the Hawaiian department. For last night's dance the committee on arrangements was composed of Sergt. Flood, Q. M. Co., with a floor committee of 1st Sergt. Herman Minder, Co. H, 2d Infantry; Color Sgt. Thomas Clarkson, 2d Infantry, and Corp. Soullier. Under the management of Regt. Q. M. Sgt. E. W. Ely, 2d Infy., suitable refreshments were provided for the dance and these additions were thoroughly enjoyable. The officers of the club are Master Signal Electrician John M. Caniff, Co. E, Signal Corps, president; R. Q. M. Sgt. E. W. Ely, 2d Infantry, secretary; Ord. Sgt. J. W. Dysart, treasurer. Committees: Arrangements, Sgt. Flood, Q. M. Co.; refreshments, R. Q. M. Sgt. E. W. Ely, 2d Infantry; entertainment, 1st Sgt. O. H. Wiley, 2d Infantry, with the floor committee as given above.

The efforts of the county authorities that have been so commendable to keep the county road through the Fort Shafter reservation in good condition will all be overthrown unless the contractors engaged in constructing the additions to the department hospital are restrained as to the size of the loads of lumber and other material that their employees are hauling over the stretch of road in question. Practically all of the damage recently repaired by the road force was caused by loads of lumber of immense size coming up the hill near the hospital. The wagons are drawn by a motor of great power that permits loading the narrow tired vehicles to a limit that would try the heaviest construction to a damaging point and in addition the loads are unskillfully disposed on the wagons in that a greater portion of the enormous weight is carried on the rear axles. As the loads strike the rather steep slopes the rear wheels cut fairly through the metalling and another repair job is at hand. Restriction to suitable loads in size would be a real economy for the local authorities and save many dollars for the county. The use of public utilities should not be permitted to run into abuse. A road is public property and should be protected against willful or heedless damage to the same degree as a public building would be.

Joseph Hoyers, 17, both of New York, were charged with stealing an automobile belonging to Dr. Paul Dolan. The steamboat Greenwood, an Ohio River boat, sank near Crown City, O., after striking a hidden obstruction. All of the passengers and crew were rescued.

DUSTIN FARNUM AS 'SQUAW MAN' SCORES BIG HIT AT THE POPULAR

"Pauline" of "Perils" fame, who will make her debut at the Popular Theater Wednesday, October 28.

The offering at the Popular, "The Squaw Man," was certainly accepted with gusto at the matinee yesterday afternoon and again at the evening performance, when the coolest little playhouse in town absorbed the crowds until the chairs were filled and there were people standing in the open space in the right-hand gallery.

There are six long and satisfying reels of "The Squaw Man," and it can be truly said that it is in a class a little better than any of Sam Blair's previous offerings, and Blair has given the Honolulu public some "stunners" in the line of motion pictures.

The scenery in this wonderful photo play is well worth seeing, and the play itself, when first produced, held the attention of New York crowds for over 365 nights, straight run.

Dustin Farnum, who furnishes the chief character of the play—the squaw man—is known the world over for his ability to handle difficult parts on the mimic stage, and handle them well.

"The Squaw Man" is one of those photo plays that you don't forget before you get on the car to go home. It gives one food for thought along the lines that call for all the loyalty and honor there is in a man, be he prince or peasant. See it at the Popular theater and draw your own conclusions.

THROW AWAY YOUR EYE-GLASSES! A Free Prescription

You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona. Fill a two-ounce bottle with warm water, drop in 10 Optona tablets and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.—Advertisement.

President Wilson has planned a week-end cruise along the Atlantic coast on the yacht Mayflower.

Felix P. Warren, a member of the cotton firm of H. L. Edwards & Co., of Dallas, Texas, died in Bremen, Germany.

MAUI CHAMBER WILL KEEP BUSY ON THE NEW REST HOUSE

[Special Star-Bulletin Correspondence]

WAILUKU, Maui, Oct. 14.—Maui Chamber of Commerce had a most interesting session last Thursday afternoon. Frank F. Baldwin, president, was in the chair. It was decided that there is so much business that hereafter or at least for a few months monthly meetings instead of quarterly will be held. There are some points in the constitution and by-laws that need revision and a strong committee was appointed to look over the present articles and bring in suggestions at the next meeting.

The most important discussion of the meeting was the proposed rest house on the summit of Haleakala. The handsome sum of money raised at the Civic Convention put the chamber in position immediately to begin operations toward a permanent comfortable building at the summit. The plans for the new house were discussed, and many suggestions that will prove of great value were forthcoming. It is expected that fully \$3,000 will have to be expended before the summit house is just what it is hoped it will be for the comfort of travelers. A committee consisting of C. D. Lufkin, W. H. Field, Hugh Howell, L. von Tempky and W. O. Aiken was appointed to have charge of the Haleakala rest house.

Mrs. Lottie Miller, a widow 40 years old, was found hanging dead to a bed post in her home at Crosswicks, N. J. Four persons lost their lives when an explosion wrecked the plant of the West Chemical Works at Union, N. J. Paul S. Shelton, a member of the New York Stock Exchange, has purchased a seat on the Chicago Board of Trade.

Wednesday Matinee Nov. 4 Wednesday Evening Nov. 4

Tickets now being sold by members of the Association

Price \$1.00

Even the President of the Board of Health may feel perfectly safe to sit in the bald-headed row the first night of "Mistress Mary."

Just listen to these words of the opening chorus, sung by half a hundred of the prettiest maids and jolliest lads in town:

"A cup of good cheer, 'tis Nature's own brew,
A nectar for gods and goddesses too;
So drink to your fill from cup or from can
And drink to good health, every maid, every man."
CHORUS.

"Everyone at Happy Valley Farm is up-to-date,
We sterilize, we disinfect, and then we fumigate;
With germs we are familiar,
We know that they will kill yer,
And so, we're awfully hygienic, let me state."

"So learned are we, so thoroughly skilled,
That germs cannot germinate here, they are killed.
'Tis the rule of the farm that kissing's taboo,
No chance do we take, but we miss something, too."
CHORUS.

"Everyone at Happy Valley Farm is up-to-date,
We sterilize, we disinfect, and then we fumigate;
Kissing is taboo, we miss a thing or two,
When we're so hygienic, let me state."
